Bon Vivant Premium Barbeque Sauces are Manitoba-made, unique flavour sensations created from only the highest quality ingredients. Our goal was to make a barbeque sauce that was unlike anything else on the market. We believe we have achieved that goal with the introduction of six sauces and our spice rub. These flavours were inspired by years of traveling, tasting, and trials to get the sauces and spice rubs “just right”. We use only premium ingredients, whether they are Canadian products or the finest products imported from across the globe.
